Index - January to December 1979
Vol 83 Nos 995 - 1006

Page numbers for each issue:

January	1 — 64	July	445 — 536
February	65 — 124 (and S1 — S36)	August	537 — 664
March	125 — 212	September	665 — 748
April	213 — 276	October	749 — 828
May	277 — 348	November	829 — 892
June	349 — 444	December	893 — 960

AUTHORS

Ball, C, 801

SUBJECT INDEX

A

Acoustic doors, 886
Advanced chromatography workshops, 357
Aeration plant, mobile, 947
Agency Agreements:
  Arkon Instruments Ltd—Partech (Electronics) Ltd, 219
  BIE Anti-Corrosion Ltd and BIE Pipelines Ltd—PI Corrosion Ltd, 8
Agency Appointments:
  Auger Inc — Tunnequip Ltd, 900
  Danfoss Motor Control Division—Bowden Electrical Supplies Ltd, 358
  Dohrman—TEM Sales Ltd, 358
  D Evers & Associates Ltd—Colman & Co Agricultural Ltd, 222
  C Gerhardt—FT Scientific Instruments Ltd, 72
  IMO Precision Controls Ltd—Barren Electrical Group Ltd, 674
  Long Products—Robert Frazer Group, 756
  Megator—PSL Marlin Ltd, 134
Agitation device, 529
Allis Chalmers Corporation open London branch office, 358
Analytical and consultancy service from Butterworth Laboratories, 285
An experimental investigation into the cleaning of rapid sand filters, 573
Anglian Water Authority:
  Bowthorpe water tower, 838
  Consultations on river quality, 5
  Extensions to Cambridge STW opened, 97
  Hitchin STW equipment contract, 197
  Improvements to Covenham treatment works, 51
  Peterborough STW equipment contract, 197
  Research in Broadland, 255
  £3.4 million Grimsby sewer contract, 520
  Wisbech regional sewerage & sewage treatment scheme, opened, 355, 458
Animal feeds from algae in sewage, 56
Annual Reports received:
  Anglian Water Authority, 837
  ASEA Group, 358
  Asian Development aBnk, 758
  BHRA Fluid Engineering, 222
  British Water and Effluent Treatment Plant Association, 758
  Brown Boveri Kent, 358
  Cambridge Water Company, 134
  W Canning Ltd, 358
  Central Water Planning Unit, 758
  Ciba-Geigy Ltd, 456
  Clyde River Purification Board, 456
  Colne Valley Water Co, The, 222
  Crown Agents, 456
  Du Pont de Nemours & Co, E I, 456
  Essex Water Co, 222
  Forth River Purification Board, 8, 837
  Inco Ltd, 222
  Lloyds Register of Shipping, 358
  Mid Southern Water Company, 134
  Murphy Group, The, 358
  National Water Council, 837
  Northumbrian Water Authority, 900
  North West Water Authority, 900
  Petrocon Group Ltd, 456
  Portals Holdings Ltd, 456
  Rand Water Board, 8, 900
  Rotork Ltd, 547
  Royal Volker Stevin nv, 547
  Severn-Trent Water Authority, 837
  South African Water Research Commission, 8
  Southern Water Authority, 837
  South Staffordshire Waterworks Company, 134
  South West Water Authority, 837
  Thames Water Authority, 837
  UBAF Arab American Bank, 358
  Water Research Centre, 755
  Welsh Water Authority, 837
  Wessex Water Authority, 837
  Wimpey Construction UK Ltd, 547
  Wrexham & East Denbighshire Water Co, 222
  Yorkshire Water Authority, 837
Annual Technical Survey Issue—August:
  An experimental investigation into the cleaning of rapid sand filters, 573
  Control of a pumping station by mini computer, 560
  Corrosion control in the water industry, 609
  Gauging rivers by ultrasonics—developments in the United Kingdom, 552
  Geotextiles in drainage, the use of, 603
  Kielder Water and associated schemes, 645
  Lancashire Conjunctive Use Scheme takes North West into the 80s, 637
  Leak detection, 632
  Managing energy and water with evaporative recycling cooling systems, 619
  Peel Common Project, the, 626
  PPBS and the water industry—Part 1, 653
  Pumping installations of the Yorkshire Derwent scheme, 587
Anox plant, first UK order, 451
Anti-algae coating, 268
Anti-corrosion protection for marine piles, 255
Applied Geophysics Research Unit, 7
Aquifer pollution, fear of, in Godstone landfill scheme, 102

Aquifers, taking a detailed look at, 512
Archaeologists discover old water works in Prague, 548
Asia Aquatech '79—February:
Burma groundwater for irrigation, S34
Conference programme, 43
Four new irrigation appointments in Indonesia, S35
George Kent in Peking, S35
Hong Kong prepares for additional water from China, S22
Hong Kong's water: resources and development, S26
News from South East Asia, S34
Preview, S5
Rangoon water supply project, S34
Sewerage systems for Hong Kong's new territories, S32
Technical assistance for Indonesia for the Semarang groundwater investigation and development project, S34
Use of human and agricultural wastes, S35
Water supply and sanitation project in Guinea, S35
Water supply and sewage treatment in Singapore, S19
World Trade Centre Floor Plan, S6.
Association of Water Officers:
Annual Conference & Exhibition, 143, 356
ATS Telemetry takes over Plessey data transmission and filter business, 72
Audible annunciators for PCB mounting, 265
Australian dam project, 548

B

Backwash filter, automatic, 267
Badger Ltd forms SP Group, 674
Baghdad International Fair, British Pavilion, 358
Bahrain joint venture STW contract, 879
Balfour's 85-year link with STW, 673
BCB Pipe Freezing Services, expansion, 283
BCB Pipe Freezing Services open Scottish office, 900
BHRA Fluid Engineering expansion, 284
BHRA Fluid Engineering's services cover many industries, 547
Biggs Wall form separate plant company, 546
Biocide, non-foaming, 56
Biological additive, 823
Blakeborough receives CEGB quality certificate, 835
Blowers, high pressure, industrial, 120
Blowers, small, 887
Booker McConnell Ltd, 358
Boo[illegible]viewed:
C[illegible]e dioxide, 784
Disinfection of wastewater and water for re-use, 508
Drinking water quality enhancement through source protection, 784
Floods—a geographical perspective, 508
Hydrometry: Principles and Practices, 140
Mathematical models in water pollution control, 46
Measurement of Dissolved Oxygen, 336
Nitrogen Control and Phosphorus Removal in Sewage Treatment, 508
Planning of Water Quality Systems, 336
Potentiometric Water Analysis, 262
Sanitation in Developing Countries, 262
Sewage Treatment in Hot Climates, 262
Thames Groundwater Scheme, 336, 364
Water Practice Manuals. 1. The structure and management of the British Water Industry, 784
Bournemouth Water Company switches to Honeywell computer, 518
Bovis gain ME orders, 113
Brewery waste treatment contract, 52
Brighton's old sewers make way for new, 877
British aid for Sri Lanka, 840
British Construction Equipment and Materials Exhibition, Tokyo, 760
British consultancy in Bahrain, 8
British Standards Institution:
Methods of testing water used in industry, 72
Brown Boveri Kent, changes in company names, 545
Budget, The, 451

C

Cable roof for a small water reservoir, 289
Carbon monoxide dosage monitor, 948
CCTV inspection system, portable, 204
Cement setting accelerator, 118
Centralised control and instrumentation scheme, Qatar, 113
Change of Names:
Robertshaw Skil Ltd—now Skil Controls Ltd, 674
Chartered Institute of Public Finance & Accountancy:
Eric Gilliland president-elect, 284
Chemical analysis by Atlas Process Consultants Ltd, 132
Chemical Society and Royal Institute of Chemistry unification approved, 358
Chemviron encourage environmental research, 756
Chemviron laboratory fights pollution, 132
Chlorination equipment housing, 887
Chlorinator unit, trailer-mounted, ME order, 198
Chlorine leak detector, 437
Circuit breaker boxes, 342
Clean air helmet, 342
Cleansing tankers for Mecca, 258
Code of practice for water jetting industry, 673
Cold-water meters, EEC directives to apply, 134
Colour matching for chemical analysis, 325
Common Market Directives attacked, Water Quality 1978-79, 897
Company Acquisitions:
Dunlop Group—Soil-less Cultivation Systems Ltd, 8
Gresham Trust Ltd—A Long Products Ltd, 220
SPP acquires Europump, 835
SPP Group—Pelham Lee Holdings, 286
Unicorn Industries Ltd—Atlas Copco Craelius, 456
Compressor, dual purpose, portable, 268
Computer assisted design management system, 6
Computer control with small system entry, 849
Computer controlled ETW, Eccles, 880
Computer program, 948
Computerised database, 948
Computerised production control for faster pump deliveries, 356
Computerised water level monitoring system for Antwerp City Docks, 252
Conductivity monitoring, 821
Conductivity simulator, 947
Conduit, corrision resistant, 438
Construction industry, safety in, 758
Consultancy prospects in Pakistan, 760
Consultants group meets, 674
Consultation on river quality, 5
Consulting engineers company formed, 131
Control of pumping station by mini computer, 560
Corrosion control in the water industry, 609
Couplings, stainless steel, 529
Crop consultancy service, 547
Cutting maintenance costs in the water industry, 905

D

Dams:
Impresit wins Nigerian dam order, 738
Deep Shaft—the first six months, 253
Desalination:
Desalination plant for Qatar, 737
Desalination vessels for Dubai, 879
Saudi Arabia plant reaches test stage, 902
Desander mini, 743
Desert water supply project—Riyadh, 548
Design and export leaflets, 358
De-sludging system, automatic, 528
Development plant for Sabah, 548
Dezurik expansion, 133
Dinghy, collapsible, 120
Disposal of Sewage Sludge to Sea 1975/78, 853
DOE/DTp publications, 838
Doppler meter, fixed insertion, 437
Drainage contract Al Ain military project, 815
Drainage contract Zakher, 815
Drainage project, Syria, 676
Drainage works contract, Gainsborough, 814
Drainage works contract, Potteric Carr, 814
Drinking water made safer, 266
Dublin water treatment seminar, 900
Duo filter, 530, 659

E

EEC Directives to apply to cold-water meters, 134
Effects of length of record upon the estimate of low flow frequency, 514
Effluent Treatment Plant:
Cummins Engines factory, 328
Davenport contract for Belgian maltings, 941
Flocor E contracts in Ireland, 198
For abattoirs, 521
Modernisation at Rolls Royce—British Aerospace, 521
Nigerian vehicle manufacturer, 257
Riverside works inaugurated, 777
Scottish steelworks control, 519
Simon Hartley orders—Italy, 879
Third Polcon plant for BSC, 519
EIB loan to UK water industry, 219

EIB loan to Yorkshire Water Authority, 283
EIB loans for water authorities, 673
Energy saving by optimal control of water supply, 761
Environmental Engineering Ltd expands actvities, 674
Environmental Engineering & Technology Exhibition, Tokyo, 131
Equipment control by telephoned speech commands, 324
Event recorder, ten-channel, 57
Events: 47, 108, 196, 263, 339, 426, 523, 731, 809, 848, 849, 939
Experience of a changing water resource strategy, 907
Export award for smaller manufacturers 1979/80, 837
Export service offered, 220

F

Fast mixing pipe method of waste water treatment, 266
Filter-drain, laminated, 55
Filter, floating, 884
Filter press, automatic, 436
Filters:
Abu Dhabi order for Serck, 521
Filters, Screens & Strainers Feature Issue—May:
Automatic self-cleaning strainer, 318
Effective screening at small mesh sizes, 313
Filtration equipment for the water industry, 295
Fish conservation at sea and fresh water intakes, 305
Microstraining, 300
Precision filtration, 317
Raw sewage and stormwater screening, 311
Reaching the media, 306
Recent advances in water treatment technology, new generation of filter nozzles and strainers, 302
Sediment removal filters, 321
Separator for effluent treatment and product recovery, 314
Straining sea water for coolant, 306
Tertiary filtration system, 301
Test sieves for industry, 318
Tubular pressure filters, 317
Vibrating screen separator, 318
Waste water separator, 317
Filtration, modular sand unit, 884
Filtration Society's Suttle Awards, 284
Filtration unit, portable, 437
Fish toxicant, 435
Fisheries biologist wins Trent River Trust scholarship, 221
Flail mower solves weed spraying problem, 436
Flocor advisory service, 672
Flow alarm, solid state, 819
Flow measurement system, 119
Flowmeter, 659
Flowmeters Witney STW extensions, 520
Flow rate measuring systems contract, 52
Robert Frazer opens Scottish depot, 672
Frost protection tape, 118
Future relationship between IWPC, IPHE, and IWES, 672

G

Gauging rivers by ultrasonics—developments in the United Kingdom, 552
Generators:
Portable, 438
Geotextiles in drainage, the use of, 603
Give priority to the wise use of water, 781
Glenfield install highly advanced moulding machine, 546
Grandfather of Wells, The, 393
Groundwater data collection in the Water Data Unit, 180
Grp covers for water reclamation tanks, 265
Grp septic tank and cesspool, 56

H

Handover marks completion of Doha Water Project, 899
Hardness of water and the reasons and methods of softening it, 727
Health & Safety at Work etc Act 1974—a pilot study, 286
High-speed drain at Silverstone, 519
Holdenhurst STW: £30 000 electrical contract, 328
Hose nominal bore reshapable, 438
Houseman Burnham extends European operation, 836
Hydrological operational multi-purpose subprogramme, 850
Hydrometric capability, 546
Hydrostatic testing joint venture, 887

I

ICI to cease production of Flocor, 355
Industrial deionisers, 740
In-line filters, stainless steel, 743
In-line polyelectrolyte dosing, 820
Institute of Hydrology, new laboratory and offices, 131
Institute of Hydrology Research Report 1976-8, 72
Institute of Management Services: Council members elected, 456
Institute of Public Health Engineers:
Past Presidents' luncheon, 285
Presidential inauguration, 835
Institute of Water Pollution Control:
1979/80 President
No amalgamation with IWES, 6
Policy and organisation review, 70
Institution of Structural Engineers:
Awards, 356
Examination candidates, 358
Institution of Water Engineers & Scientists:
84th Summer General Meeting and Conference, 219
New President elected, 452
No amalgamation with IWPC, 6
Symposium on the water treatment scene, 756
Instrumentation and Telemetry Feature Issue—December:
Automatic nitrogen analyser, 938
Central control for remote site telemetry, 938
Computer control for Eccles STW, 926
Data collection systems using satellites from the World Weather Watch Programme, 917
Economic telecontrol using distributed micro computer, 928
Flexible monitoring and communications systems, 932
Hydrological data transmission by satellite — a user's experience, 922
New British standard for liquid flow measurement, 938
New telemetry system allows more precise network planning, 925
Time for re-calibration?, 928
Trace component indentification, 937
User oriented data logger, 932
Vortex shedding flowmeters in the water industry, 931
Instrumentation for Nigeria, 429
Integrated process control system, 323
International Water Supply Association's Who's Who, 547
Interrupter timer for actuators, 203
Irrigation:
Export order for Simon Hartley—Burma, 879
Mexico, 760
Mozambique project, 902
Philippines, 902
Saudi Arabia, 258
Somalia, 457
IWPC, IPHE and IWES, future relationship, 672

J

Japanese adopt British method of water testing, 432

K

Kariba Dam, repairs at, 71
Kielder tunnel breakthrough, 69
Kielder Water and associated schemes, 645
Kuwait service reservoir, 760

L

Laboratory, portable, 741
Laboratory titrators, 57
Lancashire Conjunctive Use Scheme takes North West into the 80s, 637
Land drainage project in Pakistan, 328
Landfill scheme at Godstone abandoned, 102
Leak detection, 633
Leak sealing, new concept in, 326
Letters to the Editor: 45, 140, 806, 852, 853
Level controller, miniature, 201
Level and flow instruments, improved range, 819
Level/flow recorder, ultrasonic, 884
Level measurement by micro computer, 886
Libyan water study, 902
Lighting units, mobile, 946
Lightweight materials in sewage treatment contracts, increased use of, 197
Liquid level control, 947
Liquid-level transducer, 55
Lloyds Register inspects dam gates, 221
London sewer contract, 432
Low heat Portland cement, 673

M

Magnifying right angle viewer, 438
Managing energy and water with evaporative recycling cooling systems, 619
Marine investigation completed in Abu Dhabi, 457
Measuring machine motion, 265
Mechanical handling survey, 674
Membrane for water coliform analysis, 118
Metal corrosion publication, 358
Meters, industrial, 743
Micro computer level measurement, 886
Middle East export shipment, Serck, 327
Modern technology rescues old engine, 7

Monitoring acid and alkali levels, 886
Monitoring Bangkok's deep wells, 879
Monitoring water purity, 341
Motion transducer, 120

N

National Water Council:
Annual Report, 899
Publication on Water Supply Hygiene, 220
New Addresses:
BSS, 286
W Canning Ltd, 674
Courtburn Ltd, 222
Institution of Public Health Engineers, 758
Ledward & Beckett, 8
Mather & Platt Anti-Pollution Systems Ltd, 8
W S McMillan open second branch, 758
pHox Systems Ltd, 222
Polcon Environmental Systems Ltd, 133
Thoro (UK), 674
New Companies:
Babcock-Bristol Ltd, 835
Pollution Solutions Ltd, 72
Reed International Consultants Ltd, 900
Salter Measuring Devices Ltd, 455
Ultraseal Tokyo Ltd, 758
Walter Lawrence Civil Engineering Ltd, 672
New telephone no:
General Descaling Co Ltd, 674
Northumbrian Water Authority:
Barnard Castle STW opened, 452
Filling in at Portrack, 452
Filling-in under Newcastle, 671
Kielder Dam facing blocks, 258
Kielder tunnel breakthrough, 69
Kielder Viaduct restoration, 900
Kielder water pumping station electrical equipment, 941
Management reorganisation, 898
New HQ site, 133
Riverside face-lift at Jarrow, 72
Tees tamed at Yarm, 70
Telemetary system for Tyneside scheme, 941
Work on Kielder Dam progresses, 355
North West Water Authority:
Accrington STW contract, 880
Baffles cure circulation problem, 738
Chemical treatment plant, Sutton Hall, 328
Computer controlled sewage treatment, Eccles, 880
Crowthorne pumping station, 880
Extensions to Cheshire treatment works, 51
Order for cable avoiding tools, 941
Portrack STW makes use of power stations waste, 5
Shap Aqueduct electrical contract, 814
Water treatment plant at Workington, 814

O

OBE for Thames Water director, 283
Obituary—Mr Norman Squire, 758
Occasional paper series, University of Manchester, 7
Official opening of Glenfield's new foundry section, 671
Offset sounding cable system, 531
Oil drives for water pumps, 742
On Tap—water companies film, 836
Open channel fluid flow, measuring, 119
Overseas Project Board, chairman appointed, 455
Ozone generator, 741
Ozone generator purifies water, 884

P

Partially Integrated on:
An over-working party, 187
Peel Common Project, the, 626
Personal News: 49, 50, 109, 110, 193, 259, 260, 331, 332, 421, 422, 524, 526, 735, 816, 818, 878, 940
Peruvian feasibility study, 69
Phosphonates analysis, test kit, 821
*p*H-value adjustment, mixing units for, 340
Pipes & Pipelines Feature Issue—July:
Asbestos-cement pipe joint, 507
Cathodic protection safeguards pipelines investment, 491
Installation of buried glass reinforced plastic pipes, 487
Joint development, 497
Large diameter grp pipes for water and sewage water, 501
Pipes for all seasons, 503
Pipework in pvdf, 502
Protective coatings for pipeline protection, 479
Recommendations for joints in plastic pipelines, 480
Renewal and repair of pipe systems, 463
Renewing pipework and sewers without excavation, 488
Upvc—its applications for water transmission, 492
What's in the pipeline?, 503
Zap-Lok—a new concept in pipe joining, 482
Pipes and Pipelines:
Abu Dhabi wraps up corrosion, 815
Asbestos cement pressure pipes, 518
Award winning film, 756
Dimensions of plastics pressure pipe—change to metric sizes planned, 856
£800 000 order for ICI plant, 738
Internal and external protection of pipes conference, proceedings published, 900
Istanbul agreement signed, 840
Laing sinks pipeline under Tyne, 114
Large diameter range, 117
New generation of pipes launched, 846
New method of locating leakage from plastics pipes, 855
£1.6 million order, 429
Pipe and cable locator, 202
Pipe and fittings for ME, 114
Pipe and tube marker, 531
Pipe cleaning system, hygienic, 343
Pipe freezing service, 758
Pipe jacking case histories, compendium, 220
Pipeline equipment, 204
Pipeline system in Abu Dhabi, 328
Pipe/wall closures, mechanical fitting to seal, 117
Pipes for Totnes re-sewering, 257
Recycled waste materials produce pipes, 914
Service connections, the importance of, 913
Stanton & Staveley new plant, 455
TAC order for Milton Keynes, 198
Upvc pipe cutter, 948
Plastics company appoint agents, 758
Plumbing fluxes, 743
Point dilution methods, the use of, in determining the permeabilities of landfill materials, 843
Power source, portable, 342
PPBS and the water industry, Part I, 653
PPBS and the water industry, Part II, 677
Pressure instrument protector, 823
Probe leads to £2 million problem, 222
Protection against terrorism and vandalism, 138
Publications: 48, 106, 191, 256, 334, 335, 419, 510, 511, 732, 812, 813, 883, 944
Pullen Group expands, 757
Pumping installations of the Yorkshire Derwent scheme, the, 587
Pumping set packaged for Nigerian air force station, 52
Pumping sets for Mexico City, 941
Pumping station, 340
Pumps and Auxiliary Equipment Feature Issue—October:
A range of pumps for the water industry, 794
Advanced process control for pumping stations, 798
Borehole pumps feed Indonesian irrigation systems, 789
Chemical metering pumps, 805
Mechanical seals for water duties, 793
Operational frequency monitor, 802
Pumps provide assistance to agriculture, 797
Reducing surge pressures in pipelines, 802
The changing market—a positive response, 801
Three-in-one gauge, 805
Pumps:
Air driven, 119
Booster sets for packaged hotel, 258
British pumps for Kuwait contractors, 327
Centrifugal, for water and waste treat-
Centrifugal, for water and waste treatment, 265
Chemical, 946
Corrosion resistant sump, 948
Double diaphragm, 340
Dri-Prime—automatic self-priming, 462
High capacity propeller, 886
High pressure, 531
Liquid jet solids, 823
Metal diaphragm, 201
Metering, revised range of, 341
New range of multi-stage, 58
Portable, 948
£100 000 order, 198
Portable submersible, 820
Regenerative, 947
Rotary, incorporates macerator, 435
Rotary vane for non-aggressive fluids, 203
Self-priming, 435
Self-priming, water, 529
Sewage handling, 659
Small-scale solar powered pumping systems, 840
Solids handling, 201
South Yemen order, 521
Submersible jet, 822
Wear tests contract, 114
Pumps '79—technical conference, 284
Pvc sewer pipe with built-in seal joint, 530

Q

Queen's Award for Export, 1979:
- Capper-Neill Ltd, 283
- Lancy (Effluent Treatment) Ltd, 283
- Mirrlees Blackstone (Stamford) Ltd, 283
- The Pullman Kellogg Division of Pullman Incorporated, 283
- Stothert & Pitt Ltd, 283
- Watermeyer, Legge, Piesold & Uhlmann, 837

Queen's Award for Exports, 1980, 674

R

Radio transmitting probe, 659
Rainfall during:
- November 1978, 60
- December, 206
- January, 207
- February, 271
- March, 344
- April, 440
- May, 532
- June, 660
- July, 744
- August, 824
- September, 888
- October, 956

Recycled waste materials produce pipes, 914
Research in British universities, polytechnics and colleges, 837
Reservoir oxygenation, 821
Reservoir treatment contract, 429
Reservoirs revitalised, 197
Resuscitation: oxygen therapy set, 341
Reuse of industrial waste water, 885
Reverse osmosis system, modular, 268
Rope mop for borehole cleaning, 341
RO plant, start up of world's largest, 902
RO systems for purified water, 946
Royal Institute of Chemistry and Chemical Society unification approved, 358

S

Safety in the construction industry, 758
Sample stream selectors, programmable, 740
Sand filtration unit, 884
Scottish Regions:
- Aberdeen sewage scheme, 520
- BCB opens Glasgow office, 900
- Bluehill Reservoir pipe contract, 880
- Burntisland service reservoir, 941
- Calder Dam scheme delayed, 221
- Clyde is becoming cleaner, 672
- Concern over lead in Glasgow's water, 357
- Edinburgh's sewage pumping complex, 898
- Fife sewage project, 838
- Fife water plant plans, 673
- Garnock Valley Water supply and sewer scheme, 5
- Getting in line with EEC on water, 545
- Megget dam scheme, 836
- £1million reservoir for Perth, 838
- £1million sewer project, Dundee, 879
- £7.5million clean-up in the Forth, 134
- £2million water mains problem, 222
- Unox system for STW, 815

Screenings incinerator for ME, 738
Sealants for drinking water, 659
Select Committee on Nationalised Industries, fourth report, 6
Serck Hiperfilters, delivery of, 45
Serck Water Processing moves into new factory, 755
Service connections, the importance of, 913
Severn-Trent Water Authority:
- Aim to reduce silage pollution, 456
- Cleaning up the Tame, 755
- Common Market Directives attacked, 897
- Direct billing to save over £3 million, 7
- Hallam Fields, Tickhill and Milnhay water reclamation works, equipment contracts, 197
- Investigation into flooding of River Avon, 8
- Major extensions at Evesham, 546
- Major water plan, 222
- Tunnel breakthrough at Rothley Valley, 547
- Water main relining, 738
- Work starts on Carsington reservoir, 357

Sewer cleaning vehicles for North Africa, 197
Sewerage & Sewage Treatment and Disposal:
- British aid for Cairo, 457
- Cambridge Works opened, 97
- Contract for Hong Kong works, 432
- Dar-es-Salaam, 676
- Esholt works contract, 737
- Extensions to Cheshire treatment works, 51
- Greece, 521
- Hong Kong contract, 737
- Hong Kong STP contract, 880
- Improvements to Covenham treatment works, 51
- Joint venture contract, Bahrain, 879
- Kuwait, 52
- Lancashire turnkey contract, 113
- Montreal, 902
- Powell Duffryn to sell packaged plant, 836
- Sewage sludge treatment by irradiation, 509
- Sewage treatment plant, small flexible system, 531
- Singapore, 902
- Sludge dewatering machine for Italy, 879
- SPP pumps for West Bay Head works, 941
- STW equipment contracts at Hitchin, Charfield and Peterborough, 196
- Treatment plant in Libya, 815
- Unox system for Scotland, 815
- Wisbech regional scheme opened, 355
- Wisbech regional scheme, 458

Sewers improvements scheme, Baghdad, 840
Sewers, relining by pipe insertion, 225
Shap Aqueduct electrical contract, 814
Shoring systems, 742
Shredders, mechanical, 55
Singapore works visit, 251
Sino-British water group formed, 760
Site investigation, Sri Lanka, 197
Sludge test centrifuge, 820
Sludge Treatment & Disposal Feature Issue—September:
- Anaerobic digestion within Severn-Trent Water Authority, recent work on, 687
- Anglian solution, The, 692
- Automatic sludge withdrawal equipment, 721
- Automation of filter pressing, 716
- Bag system for sludge dewatering, 718
- Desludging of primary sedimentation tanks, 706
- Drawing off power from sludge treatment, 723
- Evolving a sludge handling policy, 690
- Filtration and incineration equipment, 722
- Gas recirculation in anaerobic sludge digestion, 722
- Neutralising odour problems, 711
- Realising the value of sludge, 691
- Sewage sludge hygienisation—a necessity for today and tomorrow, 705
- Shear-force pressing of treated effluent sludge, 722
- Sludge dewatering—a comment by the British Quarrying and Slag Federation, 716
- Sludge in agriculture, 697
- Sludge strategy in the North West, 688
- Sludge tankers explained, 702
- Up-rating sludge digestion facilities, 717
- Water treatment without sludge, 712

Sludge treatment plant, Buxton, 941
Slurry decanter centrifuge, 819
Small scale sewage treatment—a Swiss view, 787
Soil sample tubes, sealed, 57
South Africa, Orange River pipeline, 457
South East Asia market exploration, 355
Southern Water Authority:
- Computer keeps weather eye on water supplies, 431
- Consulting engineers appointed for Isle of Wight feasibility study, 222
- Fresh water for Isle of Wight, 880
- Marine work at Southampton, 880
- Sea outfall improvement, Broadstairs, 880

South West Water Authority:
- Dousland WTW opened, 897
- HQ plans deferred, 838
- Littlehempston works opened, 909
- Operation to clear discoloured water, 546
- Par Flood Alleviation Scheme opened, 451
- Survey in holiday industry, 355

Spectrophotometry and chromatography—a new range of analytical instruments, 188
Sponsored water competition, prizes presented, 5
SSP Pumps Ltd, new company name, 72
Standard Plant Division of Houseman moves, 546
Standby power for York Waterworks Company, 96
Stanton & Staveley new pipeline plant, 455
Storage tank system, 885
Sudan water study, British engineers appointed, 8
Sulzer expands pump manufacturing capacity, 219
Suttle Award, 1979, 837
Switchgear for water and waste treatment, 257
Sykes Pumps forms American Company, 221
Sykes Pumps Ltd forms industrial division, 283
Symposium papers published—use of oxygen in public health engineering, 356

T

Tachometer, fibre optic, 439
Takflo company formed, 285
Tanks:
One-piece reinforced plastic, 119
Sectional storage system, 885
Steel and concrete, 343
Tank contract for Tristorage, 815
Tank covers, giant-size, 530
Telemetry:
Serck wins Tyneside contract, 941
Yorkshire Water Authority order Serck Controls system, 520
Temperature/*p*H recorder, 435
Thames Barrier sill positioned, 757
Thames Water Authority:
Blueprint for London's future water supply, 71
£170 000 telemetry computer system, 327
Plastic dam, Fobney, 51
Reading control centre opened, 92
Riverside ETW inaugurated, 777
Satellite telemetry system, 521
£6million water mains contracts, 738
SPP pumps, Shalford water supply, 879
Surrey sewerage schemes approved, 133
£¾million Shannon water supply contract, 814
Tigris River dam project, 114
Titrator, direct reading, 340
Titrator, twin channel, 439
TOC, simple, automatic system, 887
Toggle joint, safety, 200
Trade effluent plant helps to clean up the Thames, 777
Trade mission to Greece and Egypt, 220
Training course at Unibond, 838
Trant, P Ltd, open west country office, 134
Trent River Trust scholarship winner, 221
Tunnel sealing gasket, high performance, 203
Turbidimeter, multi-range, 57
Turbidimeter, portable, 529

U

Ultrafiltration systems, 946
Underground surveys, 885
Upvc pipe cutter, 948
US award to UK engineer, 70
Use of oxygen in public health engineering—symposium papers published, 356

V

Vacuum tanker, multi-purpose, 267
Valve actuators for Dubai aluminium smelter, 519
Valve operators, quarter-turn, 741
Valve, polyurethane shut-off, 530
Valves, Actuators & Controls Feature Issue—June:
Achieving a steady flow, 402
Actuator control, 416
Air-operated miniature control valve, 415
All plastic valve cuts process control costs in water treatment, 402
Auto/manual control switching, 415
Eccentric flow control, 401
Electric actuators, 412
Gate valve trends in waterworks, 411
How valve actuator design has matured, 397
Oil hydraulic remote control and actuation systems, 398
Role of the ball type shut-off valve, The, 406
Safety design incorporates trip-proof handles, 406
Sigma F—diaphragm actuated control valve system, 412
Slide valves and penstocks win popularity for sewage treatment works, 405
Solenoid and air-actuated valves, 402
Solution to flotation problems, 415
Valves:
Air relief, 117
Ball, 118
Blakeborough wins Saudi Arabia contract, 518
Butterfly, high performance, 200
Fluid control, 822
£1million order, Arabian Gulf, 51
Plastics-lined diaphragm, 58
Protection for air-driven pumps, 119
Repair service, 201
Variable speed drive unit cuts pumping costs, 46

W

Wastewater treatment conference; call for papers, 285
Waste water treatment plant, Ford contract, 51
Water and Sewage Treatment Plants Feature Issue—February:
Chilton Street sewerage scheme in Somerset, 77
Flocs, flumes and filtration, 78
Further developments in rotating disc sewage treatment, 85
Oxygen in waste water treatment, 82
Replacement rotary distributors, 85
75 per cent water re-use objective for effluent treatment plant, 75
Treating the water for Coke, 87
Water treatment by deionisation and reverse osmosis, 86
Water cooling costs, decreasing, 435
Water disinfection plant, 528
Water distillation based on solar energy, 6
Watergates for London, 327
Water in Denmark, 361
Water in Industry Feature Issue—April:
Advanced water clarifiers for Coca Cola works, 244
Hydrogen peroxide in industrial effluent treatment, 247
Industrial water treatment, 242
Ion exchange resins for recycling and re-use of industrial effluent, 227
90 per cent water recycling aids plant expansion, 244
One mill's approach to effluent treatment, 237
Protein and oil recovery from waste waters, 230
Raw water processing, 242
Swill water recovery, 243
Vehicle wash systems, total water reclamation, 239
Waste water treatment without the use of chemicals, 242
Water level control monitoring, 822
Water level monitoring system, computerised, for Antwerp City Docks, 252
Water-level recorders, 740
Water main driller, 741
Waterproofer approved by National Water Council, 267
Water Quality 1978-79, 897
Water quality monitoring stations for Holland, 737
Water Quality—The implications of the Control of Pollution Act, 1974, Part II, 756
Water Research Centre:
Annual report and accounts, 755
Information package, 6
Office in Scotland opened, 671
River pollution control conference, 455
Water resource study of Jordan Rift Valley, 902
Water Services One Thousandth Issue—June:
Birth of industrial water treatment, The, 379
Chemical water treatment, 374
Development of the submersible pump, 382
History of the journal, 366
Meters make progress, 387
Municipal engineering, 392
110 years of success in well drilling beside the river Arun, 377
Pipe pioneers, The, 369
Pumping technology, 384
Treatment of industrial waste waters, 390
Water supply, a history of, 369
Water shock arrestor, 438
Water Storage Methods Feature Issue—January:
Domed roof for Midlands reservoir project, 37
Easy built storage tank launched, 34
Epoxy resins—linings and coatings, 19
Flexible liquid containers, 33
Further storage tank for Hayle STW, 37
Grp sectional water tanks, 27
High density polyethylene lining for salt water reservoir, 24
Meeting BS 4994—the stringent requirements, 20
Mild steel and grp roofing systems, 23
Potable water conservation, 34
Prestressed concrete reservoirs, 28
Sectional tanks—an evaluation, 17
Storing water in inaccessible areas, 24
Surface coating and joint sealants, 28
Water break tank, 33
Welded trough tanks, 38
Woumen-Merkem, Belgium 39
Water Supply and Drainage Fittings Feature Issue—November:
Access made easy, 867
A machine designed for field use, 864
Drainage products catalogue, 874
Grp junction marker plates, 874
High-pressure hose feed, 873
Manhole design and construction, 859
Plastic pipes in drainage, 860
Products for water supply, 868
Road drainage, 873
Surface boxes, 873
Surface water drainage, 863
Water Supply Overseas:
Al Ain, Abu Dhabi, 815
Al Hayir, Abu Dhabi, 815
Al Wasia, Saudi Arabia, 879

Australia, 357
Bangladesh, 72, 548, 676

Pakistan, 113
Qatar, 737
Riyadh, Saudi Arabia, 548
Saudi Arabia, 902
Sudan, 8
Water supply scheme uses Cosser telemetry, Cork, 814
Water tests on pumps, 114
Water treatment, Bovis wins Challow Heights contract, 738
Water treatment, BSC continuous casting cooling, 431
Water treatment, Dousland Works opened, 897
Water treatment, new works opened at Littlehempston, 837, 909
Water treatment plant, Houseman supply Boots Ltd, 518
Water treatment plants, package, 200
Water treatment seminar, Dublin, 900
Water treatment system, 438
Water treatment, Workington plant, 814
Water well drilling firm gets first rig in Ireland, 322
Welding aid system, 202
Welding system for penstocks, 439
Welsh Water Authority:
Ardleen by-pass sewer system, 941
Carmarthen reservoir nears completion, 113
Integrated laboratory service, 286
Million pound water plant opened, 545
SE Wales water scheme gets go-ahead, 897
Tourist Board and water authority chiefs meet, 134
Trunk sewerage system Aberbeeg — Abertillery, 941
Wessex Water Authority:
Charfield STW equipment contract, 197
End of flooding for Midsomer Norton?, 757
Flow rate measuring system contract, 52
Screenings to be burnt, 429
SPP pumps, West Bay Head Works, 941

Y

Yorkshire Water Authority:
Activated carbon storage system, 737
Breweries waste treatment contract, 52
Challow Heights water treatment plant, 738
Contract for Serck Controls, 520
Ductile iron main for Hull, 286
Esholt sewage treatment works, 737
£7.7million EIB loan, 283
York Waterworks Company, standby power for, 96
Young engineer for Britain competition, 456

SUBSCRIPTION ORDER FORM

WATER SERVICES

An international journal, established 1899, providing technical articles and news dealing with all aspects of the water cycle, including water resources location and exploitation, planning, development of surface and ground water supplies, treatment, distribution and use for public supply, industrial purposes, irrigation and the generation of electrical power, also water pollution control including the treatment of sewage and trade waste waters or effluents for disposal or recycling, hydrology, hydraulics, river training and flood control.

Published by Fuel and Metallurgical Journals Ltd., Queensway House, 2 Queensway, Redhill, Surrey RH1 1QS

Please send "Water Services" for the ensuing twelve months, for which a remittance of £23 (UK)/£30 (Overseas) ($66) is enclosed.
